Executive Summary

The Navy League Cadet Corps (NLCC) is a youth program for children ages 11-13 associated with the federally chartered Naval Sea Cadet Corps (NSCC). The objective of the NLCC is:

- To give young people **mental, moral, and physical training** through the medium of naval and other instruction, with the objective of **developing principles of patriotism and citizenship**, instilling in them a **sense of duty, discipline, self-confidence, self-respect, and a respect for others.**

Training Ship Western Middle School, now in its second year, and with an all-volunteer adult leadership headed by a U.S. Navy reserve officer as its commander meets weekly on Fridays at the school from 2:30-4:30 and all day Saturday once a month with the objective of providing cadets with opportunities not normally available in the public school curriculum, including field trips and training with the Jefferson County Police, Fire Department, U.S. Army, U.S. Navy, U.S. Coast Guard, Marine Corps, and Kentucky Air National Guard, all of which are designed to meet the NLCC objectives.

Under normal conditions, parents of NLCC cadets would be expected to provide the expenses of their children, but at Western Middle School, nearly 95% of the students are on free or reduced price lunches. This means that parents and guardians are simply unable to afford League Cadet costs. Here in Louisville, we feel strongly that the Navy League Cadet program at Western Middle School offers a unique opportunity for "at risk" children to be gently steered towards becoming responsible, caring, and productive citizens. What we urgently need is financial support.

Program Background

On September 10, 1962, the Naval Sea Cadet Corps (NSCC) was federally chartered by the U.S. Congress under Public Law 87-655 as a non-profit civilian youth training organization for young people, ages 13 through 17. The organization was established by the Navy League of the United States at the request of the United States Navy.

The objectives of the NSCC are:

- Develop an interest and skill in seamanship and seagoing subjects
- Develop an appreciation for our Navy's history, customs, traditions, and its significant role in national defense
- Develop positive qualities of patriotism, courage, self-reliance, confidence, pride in our nation, and other attributes which contribute to the development of strong moral character, good citizenship traits, and a drug-free, gang-free lifestyle
- Present the advantages and prestige of a military career

Subsequent to the formation of the NSCC, the Navy League Cadet Corps (NLCC) was formed under the NSCC umbrella. The NLCC is a youth program for children ages 11 through 13. While it is not part of the federal charter provided by Congress, the Navy League of the United States sponsors the NLCC.

The objectives of the NLCC are:

- To give young people mental, moral, and physical training through the medium of naval and other instruction, with the objective of developing principles of patriotism and citizenship, instilling in them a sense of duty, discipline, self-confidence, self-respect, and a respect for others.

Training Ship Western Middle School

Training Ship Western Middle School (TSWMS) was launched in the fall of 2004 by the Navy League of the United States – Central Kentucky Chapter. Western Middle School was chosen for this first (and only) in Kentucky NLCC unit as a result of the efforts of Ms. Susan Mayfield, a Western Middle School math teacher and Navy League board member. She persuaded the board that the demographics of the student body offered a unique opportunity to make a difference in the lives of participating children. The board enthusiastically concurred, and with the support of principal Dean Hite (now retired), recruitment and drills began.

Now in its second year, with an all-volunteer adult leadership headed by a U.S. Navy reserve officer as its commander, TSWMS is off and running. Drills are held weekly on

Fridays at the school from 2:30-4:30 and all day Saturday once a month at sites such as the U.S. Navy Reserve Center at 5401 Southside Drive, where Navy sailors often act as lecturers and instructors. Field trips are periodically scheduled such as a recent visit to Fort Knox where the cadets met with army helicopter pilots and toured the Patton Museum of Cavalry and Armor.

Plans for the future include trips to other regional locations of interest and events that are not part of normal public school activities. A possible visit to Camp Perry, Ohio for a national NLCC training camp could be considered if sufficient funds can be obtained.

Why is money needed?

Under normal conditions, parents of NLCC cadets would be expected to provide the expenses of their children, but at Western Middle School, nearly 95% of the students are on free or reduced price lunches. This means that parents and guardians are simply unable to afford League Cadet costs and outside help is urgently needed.

The Navy League nationally believes that the Sea Cadet and League Cadet programs are worthwhile. The U.S. Navy and Coast Guard believe so as well. Here in Louisville, we feel strongly that the Navy League Cadet program at Western Middle School offers a unique opportunity for “at risk” children to be gently steered towards becoming responsible, caring, and productive citizens. What we urgently need is financial support.

How much money is needed?

Per Cadet	For 2006
Uniform (shirt, trousers, belt, hat, shoes): \$35.00	35.00
Enrollment fee (insurance and national program administration): \$48.00	48.00
Lunch for monthly all-day Saturday drills: \$6.00	72.00
Monthly drill expenses (local administrative costs and supplies): \$8.00	96.00
Per Cadet	251.00
Contingencies	300.00
Transportation:	2000.00

Travel by school bus is required for a school sponsored program such as this. The cost per monthly round trip for a local destination is currently 150.00 and will be higher for a longer trip. For 2006, \$2000 is needed for 12 monthly round trips at \$150.00 plus \$200.00 for unforeseen increases.

In summary, the total needed for 2006 will depend on the number of cadets involved. At present, there are 9 enrolled cadets with 3 more expected shortly, and an anticipated enrollment at the end of the school year of 15-20. The program will continue through the summer as a positive and educational opportunity for the cadets during the break.

The amount needed for 10, 15, and 20 cadets is shown below:

	10	15	20
Per cadet expenses at \$251.00	\$2510.00	\$3765.00	\$5020.00
Contingencies	\$300.00	\$300.00	\$300.00
Transportation	\$2000.00	\$2000.00	\$2000.00
Total	\$4810.00	\$6065.00	\$7320.00

Any repeal or modification of this article shall not adversely affect any right or protection of a director of the Corporation existing at the time of such repeal or modification.

(B) The foregoing restated articles of incorporation correctly set forth the provisions of the articles of incorporation as heretofore amended, have been duly adopted as required by law, and supersede the original articles of incorporation and all amendments thereto.

Dear Sir or Madam:

This is in response to the amendment to your organization's Articles of Incorporation filed with the state of Kentucky on May 19, 2003. We have updated our records to reflect the name change as indicated above.

In June 1993 we issued a determination letter that recognized your organization as exempt from federal income tax. Our records indicate that your organization is currently exempt under section 501(c)(3) of the Internal Revenue Code.

Based on information subsequently submitted, we classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Code because it is an organization described in sections 509(a)(1) and 170(b)(1)(A)(vi).

This classification was based on the assumption that your organization's operations would continue as stated in the application. If your organization's sources of support, or its character, method of operations, or purposes have changed, please let us know so we can consider the effect of the change on the exempt status and foundation status of your organization.

Your organization is required to file Form 990, Return of Organization Exempt from Income Tax, only if its gross receipts each year are normally more than \$25,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of the organization's annual accounting period. The law imposes a penalty of \$20 a day, up to a maximum of \$10,000, when a return is filed late, unless there is reasonable cause for the delay.

All exempt organizations (unless specifically excluded) are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of \$100 or more paid to each employee during a calendar year. Your organization is not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, these organizations are not automatically exempt from other federal excise taxes.

Donors may deduct contributions to your organization as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to your organization or for its use are deductible for federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Navy League of the United States
31-1130942

Your organization is not required to file federal income tax returns unless it is subject to the tax on unrelated business income under section 511 of the Code. If your organization is subject to this tax, it must file an income tax return on the Form 990-T, Exempt Organization Business Income Tax Return. In this letter, we are not determining whether any of your organization's present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

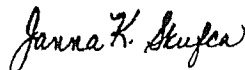

Section 6104 of the Internal Revenue Code requires you to make your organization's annual return available for public inspection without charge for three years after the due date of the return. The law also requires organizations that received recognition of exemption on July 15, 1987, or later, to make available for public inspection a copy of the exemption application, any supporting documents and the exemption letter to any individual who requests such documents in person or in writing. Organizations that received recognition of exemption before July 15, 1987, and had a copy of their exemption application on July 15, 1987, are also required to make available for public inspection a copy of the exemption application, any supporting documents and the exemption letter to any individual who requests such documents in person or in writing. For additional information on disclosure requirements, please refer to Internal Revenue Bulletin 1999 - 17.

Because this letter could help resolve any questions about your organization's exempt status and foundation status, you should keep it with the organization's permanent records.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

This letter affirms your organization's exempt status.

Sincerely,

Our Letter Dated:
July 19, 1989
Addendum Applies:
No

Dear Applicant:

This modifies our letter of the above date in which we stated that you would be treated as an organization that is not a private foundation until the expiration of your advance ruling period.

Your exempt status under section 501(a) of the Internal Revenue Code as an organization described in section 501(c)(3) is still in effect. Based on the information you submitted, we have determined that you are not a private foundation within the meaning of section 509(a) of the Code because you are an organization of the type described in section 509(a)(1) and 170(b)(1)(A)(vi).

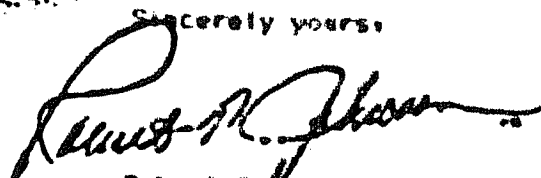

Grantors and contributors may rely on this determination unless the Internal Revenue Service publishes notice to the contrary. However, if you lose your section 509(a)(1) status, a grantor or contributor may not rely on this determination if he or she was in part responsible for, or was aware of, the act or failure to act, or the substantial or material change on the part of the organization that resulted in your loss of such status, or if he or she acquired knowledge that the Internal Revenue Service had given notice that you would no longer be classified as a section 509(a)(1) organization.

If we have indicated in the heading of this letter that an addendum applies, the addendum enclosed is an integral part of this letter.

Because this letter could help resolve any questions about your private foundation status, please keep it in your permanent records.

If you have any questions, please contact the person whose name and telephone number are shown above.

Sincerely yours,

Dear Sir or Madam:

This is in response to your request of February 6, 2003, regarding your organization's tax exempt status.

Our records indicate that a determination letter issued in June 1993 granting your organization exemption from federal income tax under section 501(c)(3) of the Internal Revenue Code. That letter is still in effect.

Based on information subsequently submitted, we classified your organization as one that is not a private foundation within the meaning of section 509(a) of the Code because it is an organization described in sections 509(a)(1) and 170(b)(1)(A)(vi).

This classification was based on the assumption that your organization's operations would continue as stated in the application. If your organization's sources of support, or its character, method of operations, or purposes have changed, please let us know so we can consider the effect of the change on the exempt status and foundation status of your organization.

Your organization is required to file Form 990, Return of Organization Exempt from Income Tax, only if its gross receipts each year are normally more than \$25,000. If a return is required, it must be filed by the 15th day of the fifth month after the end of the organization's annual accounting period. The law imposes a penalty of \$20 a day, up to a maximum of \$10,000, when a return is filed late, unless there is reasonable cause for the delay.

All exempt organizations (unless specifically excluded) are liable for taxes under the Federal Insurance Contributions Act (social security taxes) on remuneration of \$100 or more paid to each employee during a calendar year. Your organization is not liable for the tax imposed under the Federal Unemployment Tax Act (FUTA).

Organizations that are not private foundations are not subject to the excise taxes under Chapter 42 of the Code. However, these organizations are not automatically exempt from other federal excise taxes.

Donors may deduct contributions to your organization as provided in section 170 of the Code. Bequests, legacies, devises, transfers, or gifts to your organization or for its use are deductible for federal estate and gift tax purposes if they meet the applicable provisions of sections 2055, 2106, and 2522 of the Code.

Lexington Council Navy League of the United States, Inc.
31-1130942

Your organization is not required to file federal income tax returns unless it is subject to the tax on unrelated business income under section 511 of the Code. If your organization is subject to this tax, it must file an income tax return on the Form 990-T, Exempt Organization Business Income Tax Return. In this letter, we are not determining whether any of your organization's present or proposed activities are unrelated trade or business as defined in section 513 of the Code.

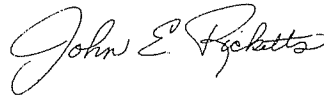

The law requires you to make your organization's annual return available for public inspection without charge for three years after the due date of the return. You are also required to make available for public inspection a copy of your organization's exemption application, any supporting documents and the exemption letter to any individual who requests such documents in person or in writing. You can charge only a reasonable fee for reproduction and actual postage costs for the copied materials. The law does not require you to provide copies of public inspection documents that are widely available, such as by posting them on the Internet (World Wide Web). You may be liable for a penalty of \$20 a day for each day you do not make these documents available for public inspection (up to a maximum of \$10,000 in the case of an annual return).

Because this letter could help resolve any questions about your organization's exempt status and foundation status, you should keep it with the organization's permanent records.

If you have any questions, please call us at the telephone number shown in the heading of this letter.

This letter affirms your organization's exempt status.

Sincerely,

A handwritten signature in cursive script that reads "John E. Ricketts".

Newsletter of Training Ship Western Middle School

CO's Corner

Welcome Aboard! This is the first issue of the monthly newsletter "All Hands!" With it, you will receive updates on the training received by the cadets of Training Ship Western Middle School - their experiences, achievements, and accomplishments.

It would be impossible for me to be more proud of the cadets who choose to join this program. They give up part of their Friday afternoons and one Saturday a month – and our half of the bargain is to make sure that they *enjoy* this time! We all know that even the most exciting material can be dull, and the dullest material exciting based on how it is presented. The goal of the instructors in the unit will be to teach the Cadets in a way that is exciting and fulfilling.

It is also important that you be aware that the education of the Cadets is not just about the Navy – it is far more. It is about citizenship, civic pride, responsibility, independence, leadership, and a thousand other experiences that Cadets will take with them into the future.

One last group that I feel I *must* acknowledge is the volunteer unit instructors. Without their input and assistance, we could never succeed or thrive. They are the beating heart of TSWMS and I cannot express enough appreciation to them.

So, without further ado, I welcome you to the TSWMS community. If you have **any** concerns or questions, please do not hesitate to contact me via phone or email. Our goals are the same – success of the program and success of the Cadets!

Charitable Contributions

The League Cadet program is one of the best financial investments we can make in the lives of the cadets. It teaches them independence, leadership, followership, and civic pride. It keeps them busy with fun, educational activities and trips, and away from bad influences.

These benefits would be of value in ANY school – much less Western Middle School. But we recognize that Western has nearly 95% of its students on free and reduced lunch – this means that they can't be expected to pay for their enrollment fees, uniforms, or many other things normally paid for by the parents of League Cadets.

The League Cadet program, although a great investment, isn't cheap. Enrollment is \$48 per cadet. Uniforms (which are loaned, but must still be purchased by the unit to replace damaged or lost items) are \$60 per cadet. Each field trip costs \$150 in transportation, and we provide lunches for the cadets – another \$5.00 each – at a total of about \$200 per year, per cadet.

If you, your workplace, or co-workers might be able to assist the program with charitable, tax deductible contributions, please contact us. If you wish to contribute, please make checks payable to:

NLCC Training Ship Western Middle School

And send them to:

ATTN: Commanding Officer, TSWMS

1246 Everett Avenue, Louisville, KY 40204

UNIFORMS!!!

The Cadets will soon be coming home with their Navy League Cadet Corps uniforms. *PLEASE* be aware that these items are LOANED not GIVEN and are expected to be returned when the cadet leaves the program. With the uniforms, your cadet will bring home a sheet to be signed by their parents indicating this, as well as the cost of replacement of lost items – at no profit to the unit. Most units either sell uniforms or require a deposit. We don't want to have to burden the families of Cadets, but may be forced to if the cost burden to the unit is too great. Please keep our program GREAT and encourage your cadet to respect his or her uniform!

***Training Ship Western Middle School
Its time to GROW!***

The Navy League Cadet Corps only grows and succeeds through involvement. That means involvement of the PARENTS and GUARDIANS as well as the Cadets!

Many of you have already indicated a willingness to help out. If you haven't already been contacted, you will be soon (I apologize for the delay – as the new commanding officer of the unit there is a LOT to get up to speed on!).

If you are willing to assist in the program, please contact the CO via email or phone. Your contribution can be time, money, or energy. We need adults to fill all sorts of roles – including adult Instructors, officer positions, fundraising, administration, and virtually anything else you can imagine!

To be involved with the cadets, it is necessary to complete some paperwork. Contact the CO and he will provide you a package with everything you need to get going – and WELCOME TO THE PROGRAM!

Special Thanks

Training Ship Western Middle School would like to offer a special thanks to the members and board of directors of the Navy League of Kentucky – without whose sponsorship this program could not even hope to succeed. Between their time, efforts, and financial contributions, the members of this organization have helped guarantee continuing success of Training Ship Western Middle School. THANKS!

CO's Corner

We have had a fantastic month, the credit for which goes to the entire unit. We reached a milestone for the program by officially issuing uniforms and conducting our first inspections – a small but critical victory on the path of success.

The day after uniform issue, we spent our Saturday drill at Fort Knox, where with the support of **SGT Justin Ellis** of the Army recruiting station in Louisville, and the 8/229 aviation battalion "Flying Tigers", an Apache attack helicopter unit that had only the month before returned from supporting Operation Iraqi Freedom. Special thanks must go out to **CW2 Butts**, **1SG Bryant**, **CW3 Betts**, and **LT Joseph Spencer** who took time out of their day to speak with the cadets and teach them about helicopter operations.

We finished the day with a tour of the Patton Museum of Cavalry and Armor, guided by **Rick Dickerson**, a museum volunteer. He guided us through Army history and how the Navy and Army have worked as a team – both historically and in present times. Of particular interest was the model of the WWII LST – a great example of joint service work – long before we had "purple" commands. We can't thank the staff and volunteers of the museum enough for their work.

We closed the school semester with a well deserved holiday party, open to the families of all of our cadets. Without the support of the parents and guardians, cadets simply cannot succeed – in life or in the program.

Our new year starts on January 6 and I look forward to the continued success and growth of the unit. I could not be more proud of our current corps of Cadets, and I know that as we expand we will maintain the high standards already established.

Training Ship Western Middle School Charitable Contributions

We continue to reserve this space to inform you of opportunities to contribute to the mission of TSWMS. Why? In part because we *do* need your contributions to keep us going. But also because we sincerely believe that TSWMS represents a fantastic opportunity to provide positive influence and role models, introduce them to personal responsibility and leadership, and help them to become good civic citizens.

As the year draws to a close and you consider charitable donations to your favorite causes, please keep in mind the job being done at Western Middle School.

The Naval Sea Cadet Corps is a charitable organization with 501(c)3 status with the IRS – which means your contributions are tax deductible.

Contributions can be made out to:

NLCC Training Ship Western Middle School

And sent to:

ATTN: Commanding Officer, TSWMS

1246 Everett Avenue, Louisville, KY 40204

Once again, thank you for your continued support.

SUMMER TRAINING

One of the most unique opportunities a cadet can have is to participate in the League Cadet summer training opportunities. League Cadets can initially go to "basic training" at Camp Perry, Ohio, a one-week camp held over the summer. Although this is by no means mandatory, it *IS* a fantastic opportunity for our cadets. The cost is minimal - \$40.00 per cadet plus cost of transportation – yes, forty dollars for a unique one week summer camp. If you have any questions or want to find out how your cadet can participate, please call the commanding officer (CO). I **HIGHLY** encourage cadets who are motivated and interested to take part in this unique opportunity!

Training Ship Western Middle School
Its time to GROW!

Last month our “growth” target was towards adults – this month it is towards CADETS! A program like the League Cadets succeeds with contributions from all around, but where the “rubber meets the road” is at the members of the unit. Without continuing to add to our numbers, we cannot continue to grow and succeed.

If you know of a child at Western Middle School who would be a good candidate for the program, please encourage them to speak with Ms. Susan Mayfield, NSCC Instructor and WMS teacher. Alternatively, have their parents call the Commanding Officer to answer any questions.

Special Thanks

Our special thanks this month goes out to the staff at Western Middle School. Without the help of the administration, teachers, facilities and services, and (most importantly) the students, we would simply not exist. Special recognition must go to **Dr. Beth Johnson**, principal of Western Middle School and **Mr. Exum**, assistant principal. Both have been extremely supportive to both the mission and execution of the program.
